MEMORANDUM FOR: Chief of Operations, PTOS, OS

FROM:

  
Chief, Security Staff, OL

SUBJECT: Exchange of SCI Denials Information

**OS REGISTRY**  
**\*FILE** *Security 18*

1. One can't argue with the intent of the subject procedure, however, there is an aspect of this which may or may not be relevant and which leaves me uneasy, if true.

3. If this is true, I don't believe this is the correct action for us to take. I don't believe that if another government agency were to refer someone to us who they denied an approval based on CIA/OS developed information, we would be especially happy. I believe we must first have sufficient confidence in the information to accept it as our own and be prepared to defend our position in the course of any appeal action.

4. Possibly the above does not have any relation to the subject but perhaps it does.
